# CAPRICORN BAKERY

## CONCEPT

Capricorn bakery, comprehends three major production departments. Breads, confectionaries and Cakes. Our operations proceed towards focused approach by keen attention to details, sound employment of latest technological equipments and utmost commitment to quality.

Our bread and buns are crafted with premium quality ingredients and are fabricated with robust machineries designed for consistent and continual production, and is manufactured with high quality materials that ensures excellent dough and baking results. All of our raw materials are sourced from certified and approved suppliers across the globe.

An exceptionally skilled production team leads Capricorn bakery's confectionary menu. The miscellaneous cuisines and occasional delights are prepared by its corresponding culinary expertise. More than 150 varieties of cakes and pastries available, and the making & baking of individually-designed custom cakes takes-up a considerable part in the whole process with our adept team for confectioners, decorators and sculptors which is absolutely put together as per client requirements.

Our colossal Rondo-Line is exclusively assembled with a combination of efficient rondo-machines that serves multi-products, earmarked only for Capricorn bakery throughout UAE. The line serves mass-production of profuse quantities and major categories.

### ABOUT

# CAPRICORN BAKERY

Established in 1988, Capricorn bakery is profoundly celebrating 33 years of serving Daily & Fresh delights with the expertise in crafting goodness across the world. Our products reach across thousands of people everyday being the industrial manufacturers and distributors of a spectrum of breads, cakes, pastries, confectionaries and much more globally. We comprehend extensive range of customers and market segments with an array of distribution networks.

Capricorn bakery is rooted from Thomsun group of companies, an eminent multi-faceted and diversified entity spanning across GCC and Indian Subcontinent, since 1976. The group currently has 3000+ strong workforce and is a host of entrepreneurial milestones in diversified sectors. Built on strong fundamentals since inception, the company has embarked on many milestone ventures in its pursuit, resulted in being highly diversified group with 25+ verticals across the globe.

Capricorn bakery is subsequently a market leader in the sphere with its miscellaneous delicacy and cuisines embraced worldwide. Our operations are effectuated from a cutting edge production facility in Dubai Investments Park, steered by visionary professionals and powered by the intelligent use of technology.

We are committed to implement paramount quality and safety for our clientele, delivering nothing less than excellence. Our major certifications comprise Food Safety System Certification (FSSC 22000) and HACCP (Hazard Analysis and Critical Control Points) certification to ensure the consistency in food safety and is followed in producing, storing, handling and transporting the food for safe and fit for consumption. We maintain a transparency in food preparation with all stakeholders of the company and looks for continual improvement in the food safety process followed by the company. Our Quality and Assurance team furnishes a superior Capricorn bakery experience to our customers with a keen examination and enforces value added seamless delivery on all our products.
